

Second Floor

From the balcony, enjoy the view of The Great Room. Sit in the cockpit of our "Little Cut Up" make-believe airplane and make things move on the wings and tail.

The area also includes: Newark Airport Diorama, B-52 ejection seat, Richard E. Byrd Exhibit, barnstormers, model airplane collection, Peoples Express exhibit, the NJ designed "Para-Plane," a working airport beacon, and Clarence Chamberlin Exhibit.

Silvio Cavalier Research Library

This library contains over 3,500 volumes and videos on aviation and space history.

Gift Shop

Don't forget to visit the gift shop, brimming with aviation related gifts, books and mementos for yourself, family and friends.

Tours • Parties

We offer group tours, birthday parties, and our educational Dare-To-Fly program for young groups. Call for details.

Special Events

Four times a year we have Open Cockpit Day where you and your family can sit in the pilot seat of airplane and helicopter cockpits. In December, Santa will fly over the museum in a helicopter, then visit with the children.

Wings and Wheels

AHOFNJ sponsors the annual Wings & Wheels Expo. This spectacular two-day event includes contemporary and military aircraft, unique antique aircraft, cars, military vehicles, etc.

The Aviation Hall of Fame and Museum of New Jersey (AHOF) reserves the right to use for promotional purposes any photograph/video taken at AHOF or any AHOF event. By visiting AHOF or participating in any AHOF event, you are permitting AHOF to use these images.

Museum Guide

A companion virtual tour for your electronic device is available free at www.njahof.org

Welcome to the First State Aviation Hall of Fame in the Nation!

Founded in 1972, the Aviation Hall of Fame and Museum of New Jersey (AHOF-NJ) is dedicated to the preservation of the Garden State's distinguished aviation and space heritage. The men and women whose outstanding aeronautical achievements have brought world-wide acclaim to the state, are enshrined in the AHOFNJ.

400 Fred Wehran Drive
Teterboro Airport. Teterboro, NJ
201-288-6344 • www.njahof.org
Open Tuesday - Sunday • 10 a.m. to 4 p.m.
Main building is handicap accessible.

Raymond R. Wells Theater

The first stop on your self-guided tour is in our 60 seat theater where you will experience the saga of NJ aerospace history in our informative and concise nine-minute film "Flight."

Buzz Aldrin Exhibit

Hall of Fame

Enter the heart of our museum and meet the men and women who embody NJ's rich heritage of flight.

Dehmel Room

See the world's first electronic flight simulator built by legendary Curtiss-Wright, at one time the Garden State's biggest aerospace company. The room also contains information about barnstormers, Tuskegee Airmen, flying aces, Flying Tigers, Enola Gay, etc.

The Great Room

History comes alive with air and space equipment, artifacts, photographs, fine art, multimedia displays, hands-on exhibits and interactive simulators.

Exhibited are: • The world's first hover craft • Women in Aviation • Aircraft and rocket engines built in NJ. • International Space Station Exhibit • Dassault Fundamentals of Flight Exhibit • Scorpion helicopter • Actual fragments from the ill-fated German Zeppelin, The Hindenberg • Hot-air balloon basket. • Working jet engine • "Touchable parachute" • Curtiss-Wright display • Rutan "Quickie" home-built experimental aircraft • Overhead Gallery

Outdoor Displays

Our outdoor displays incorporate a Martin 202A airliner from the 1950's • Bell Cobra attack helicopter that flew actual combat missions during the Vietnam War • Bell 47 -- one of the first practical helicopters. • Coast Guard Sikorsky helicopter • Lockheed LASA-60 bush plane • Grumman OV-1A Mohawk • Walters Airport Rescue & Firefighting Vehicle • Convair 880 Jetliner Cockpit (*during open cockpit weekends.*)
